C-4496 Genetics

Dr. Joshua Lederberg
Department of Genetics
Stanford University
School of Medicine
Stanford, California

Dear Dr. Lederberg:

As shown on the enclosed Notification and Statement of Grant Award, we have listed the beginning date of your grant at Stanford as February 1, 1959. If you are concerned that delay in ordering and receiving the equipment items listed in C-4496 may hamper continuation of your research when you transfer from Wisconsin, you may wish to request permission to order this equipment prior to the start of the grant. Such a request should be addressed to Mr. C. A. Lowe, Grants Management Officer, Division of Research Grants. Please list the items involved, their estimated costs and provide a brief explanation of the reason for the request. I can assure you that Mr. Lowe will give your request every consideration.

Sincerely yours,

R. G. Meader, Ph.D.
Chief, Research Grants Branch
National Cancer Institute
